Seminar Information

OBJECTIVE

This year's seminar will focus on several occupational health and safety issues confronting the aggregates industry today. All levels of company management are encouraged to attend the seminars to learn insights that will make certain facility operations safer. Attendees will be introduced to the information and tools necessary to protect their personnel, avoid penalty assessments and ensure continued operation of their plants.

WHO SHOULD ATTEND

Anyone involved with the safety and welfare of those working for or with them should attend these sessions. This year's topics cover a wide range of safety related matters that impact everyone in the aggregates industry. This includes senior safety managers, front-line supervisors, hourly workers and independent contractors.

Optional This Year: Portions of the Safety Seminar program can count toward MSHA Annual Refresher Part 46 training!

REGISTRATION

Return your completed registration form with payment to the VTCA office by fax or mail. The registration fee includes breaks and lunch. No refunds will be issued if cancellation is received after November 23, 2009.
